A word about this list . . .

This list was compiled from several important collections which Stack's recently purchased.

It contains coins in virtually all series from the Half Cent through the Silver Dollar, and also includes a special group of Colonials. In most cases the items listed are "one of a kind" and, therefore, we urge you to order early and suggest alternate choices where possible.

This list is not an attempt to publish a catalog of all the coins we have in stock, but rather to give some indication of what might be available. If you have any special needs in any series, in any metal, please send us your want list. Our stock is large and varied, and we should be able to satisfy some of your needs, if it be United States or Foreign, gold, silver and copper coins.

We might add that we continually update our entire mail order and want list departments, and we hope to be able to serve you more efficiently in the future.

Naturally, in order to publish a list you must have contents to fill it — therefore, Stack's is always in the market to buy some of your choice duplicates or complete sections of your collection. If you are thinking of selling — contact Stack's.
